YOUR NUMBER

¶ The number directly under the name of your bank is the **American Bankers Association Transit Number,** given to you by **The Rand-McNally Bankers' Directory** under the authority invested in us by that Association

¶ **This Directory** is the **only publication in existence** (except the "Key to the Numerical System of the American Bankers Association," also compiled and published exclusively by us) which can give the **number** of **every new bank in the United States up to date of publication.** For explanation of the system see page 18 or write to us for free booklet.

SIXTH IN THE UNITED STATES

THE Old Colony Trust Company was incorporated May 8th, 1890 and while it is not, comparatively speaking, an old banking institution, it holds a position in the public confidence of which its officers and directors are justly proud. With resources in excess of *one hundred million dollars*, it ranks as the sixth largest trust company in the United States.

In addition to conducting a general banking and safe deposit business, the Old Colony Trust Company is authorized by the laws of Massachusetts to

Execute Trusts of Every Description
Act as Registrar or Transfer Agent
Assist in Reorganization
Buy and Sell High Grade Bonds.

THIRD NATIONAL BANK
OF ST. LOUIS

BROADWAY AND OLIVE

RESOURCES, $42,000,000.00

Take Your Pencil

Begin at the point indicated by our large trade-mark (St. Louis, the geographical center of the United States), trace the lines to the smaller trade-marks, representing states, then trace imaginary lines until you have connected locations of all the principal cities and most of the important towns of these forty-five states. You will then have a conception of the radiation of Third National service — the bank that is truly "National."
